Quarterly Journal in English,
established in 1957 as Minerva Nucleare

THE JOURNAL OF NUCLEAR MEDICINE AND ALLIED SCIENCES

Volume 32 - 1988

Index of Papers - Index of Authors

Index of Papers

Diagnostic and therapeutic use of ^{131}I-metaiodobenzylguanidine in children with neuroblastoma
F. Claudiani, A. Garaventa, G. Scopinaro, L. Bertolazzi, G. P. Villavecchia, G. Dini, E. Lanino, B. De Bernardi, M. Sanguineti . . . . . p. 1

Computerized statistical analysis with bootstrap method in nuclear medicine
O. Zoccarato, G. Zatta, A. De Agostini, S. Barbesti, O. Mana, M. Sardina, G. L. Tarolo » 7

Thallium-201 infusion imaging: accurate reflector of rapid coronary blood flow changes
N. Alazraki, A. Kralios, W. W. Wooten . . . . . » 11

Reduced saphenous vein prostacyclin production in the absence of endothelial detachment: a marker of functional damage by high potassium cardioplegic solutions to saphenous vein bypass grafts
R. De Caterina, M. R. Cruz-Bracho, D. R. Alonso, V. A. Subramanian, B. B. Weksler » 17

Detection of pulmonary perfusion defects by single photon emission computer tomography (SPECT)
A. Palla, S. S. Tumeh, J. S. Nagel, M. F. Meyerovitz, S. Z. Goldhaber, B. L. Holman » 27

Endogenous digitalis-like factor in pregnant and non-pregnant women
A. Clerico, F. Strigini, M. G. Del Chicca, G. B. Melis, S. Balzan, F. Fruzzetti, G. Bernardini, P. Fioretti . . . . . » 33

Synthesis and comparative biodistribution of the desferrioxamine-human serum albumin (DF-HSA) conjugates prepared with various methods
Gy. A. Jánoki, J. F. Harwig, W. Wolf . . . . . » 39

The definition of a three-pool model for triiodothyronine (T_3) distribution and metabolism in healthy subjects by using vascular and extravascular sources
G. F. Fresco, G. L. Curti, B. L. Fontana . . . . . » 45

Interaction between human platelet factor 4 and protamine sulfate in the presence of a low molecular weight heparin in the rabbit
G. Cella, M. Prosdocimi, F. Stevenato, P. Simioni, A. A. Sasahara . . . . . » 54

European system for reporting of adverse reactions and drug defects. Fourth report: 1986 . . . . . » 58

Purification of PGE_2 in the urine of cirrhotic patients: comparison of three chromatographic techniques
G. Laffi, G. La Villa, F. Cominelli, M. Ghelli, M. Pinzani, C. Tosti-Guerra, A. Birardi, S. Paladini, A. Simoni, P. Gentilini . . . . . » 67

Effects of Enalapril on urinary protein excretion of essential and renal parenchymal hypertensive patients (Comparison between colorimetric and radioimmunological methods)
N. Mazzuca, R. Bigazzi, P. Paparatto, G. P. Setti, C. Valtriani, C. Falciani, I. Chiapponi, S. Bianchi, V. Morini, G. Baldari . . . . . p. 75

Stress Thallium-201 myocardial scintigraphy: planar imaging versus SPECT
G. Ferlin, P. Zanco, R. Buchberger, B. Saitta, N. Borsato . . . . . » 82

Radionuclide study for assessing the effect of carbocalcitonin on Sudeck's atrophy of the foot
A. Vattimo . . . . . » 87

Thyroid function in the early stage and during the course of subacute thyroiditis
G. Madeddu, A. R. Casu, F. Tanda, C. Costanza, F. Dore, A. Arru, M. L. Arras, G. Marras, A. Marrosu, M. Piga, D. Giraudi, M. Langer . . . . . » 91

Comparison of intraerythrocyte and intraleucocyte sodium content and erythrocyte in normotensive subjects
A. Paci, F. Cocci, R. Cristofani, S. Balzan, L. Mezzasalma, F. Piras, M. Giachetti, S. Ghione . . . . . » 101

Heparin-induced platelet factor 4 release by serial heparin injections
F. Stevanato, R. Paolini, G. Sgarbossa, P. Simioni, G. Cella . . . . . » 106

A radiopharmaceutical for the study of the liver: ^{99m}Tc-DTPA-asialo-orosomucoid (I. - Radiochemical and Animal Distribution Studies)
G. Galli, C. L. Maini, P. Orlando, G. Deleide, G. Valle . . . . . » 110

A radiopharmaceutical for the study of the liver: ^{99m}Tc-DTPA-asialo-orosomucoid (II. - Human Dynamic and Imaging Studies)
G. Galli, C. L. Maini, P. Orlando, C. Cobelli, K. Thomaset, G. Deleide, G. Valle . . . » 117

Diagnosis of aortic dissection by Color-Coded Doppler
G. Tartarini, D. Bertoli, R. Baglini, A. Balbarini, M. Mariani . . . . . » 127

Actual questions of the ultrasound diagnostic: Foreword
E. Picano, L. Landini, A. Zacutti . . . . . » 137

Qualitative ultrasonic tissue characterization of the myocardium
G. L. Nicolosi, C. Lestuzzi, D. Pavan, V. Dall'Aglio, R. Mimo, M. Breda, G. D'Angelo, P. Pignoni, D. Zanuttini, E. Miotto, N. Faggion, E. Canton . . . . . » 139

Quantitative characterization of myocardium with ultrasonic imaging
J. E. Pérez, B. Barzilai, S. A. Wickline, Z. Vered, B. E. Sobel, J. G. Miller . . . . » 149

Quantitative ultrasonic characterization of the mitral valve: *in vitro* and *in vivo* findings
F. Lattanzi, E. Picano, C. Aratari, A. Mazzarisi, L. Landini, E. Contini, A. Benassi, L. Salvatore, A. Distante, A. L'Abbate . . . . . » 158

Evaluation of atherosclerosis with B-mode ultrasound imaging
P. Pignoli, T. Longo . . . . . » 166

Ultrasonic tissue characterization of atherosclerosis: state of the art 1988
E. Picano, L. Landini, F. Lattanzi, C. Michelassi, M. Salvadori, F. Santarelli, A. Distante, A. L'Abbate . . . . . » 174

Ultrasound spectroscopy: a completion of the B-scan-sonography
R. Millner . . . . . » 186

Modelling of ultrasound scattering by blood
U. Cobet . . . . . » 188

Measurement of attenuation and mean scatterers' spacing by ultrasound spectroscopy
K. V. Jenderka . . . . . » 196

Methods of decomposition of superpositions of Rice and Kritskii-Menkel probability density functions
M. Dozio . . . . . » 199

Changes of probability density of speckle signals caused by the nonlinearity of the transmission channel
R. Vollstädt, H.-J. Hein, K.-V. Jenderka . . . . . p. 204

An adaptive Kalman filter for speckle reduction in ultrasound images
G. Castellini, D. Labate, L. Masotti, E. Monnini, S. Rocchi . . . . . » 208

On-line ultrasonic integrated backscatter: in vitro validation of a new electric device
L. Landini, E. Picano, G. De Pieri, A. Mazzarisi, F. Santarelli, A. Benassi . . . . » 214

Influence of speckles of the B-scan picture and problems of its removal
H. J. Hein, A. Christ . . . . . » 218

Evolution of functional imaging in nuclear medicine
G. Mariani . . . . . » 223

Clinical usefulness of creatine kinase BB determination by a RIA method in serum of patients with cerebrovascular accidents
A. Nuti, A. Clerico, M. G. Del Chicca, C. Giraldi, P. Piccini, U. Bonuccelli . . . . » 226

Incidence of hypothyroidism more than twenty years after therapy in hyperthyroid patients treated with radioactive iodine
G. Ronga, M. Esposito, I. Baschieri, G. F. Renzi, E. Martino, A. Pinchera . . . . » 231

Stability studies of ^{99m}Technetium labeled radiopharmaceuticals
L. R. Chervu, B. D. Vallabhajosyula, S. B. Chun, J. Mani . . . . . » 234

In vivo distribution of ^{54}Mn-hematoporphyrin derivative in tumor bearing mice
M. C. Crone-Escanye, L. J. Anghileri, J. Robert . . . . . » 237

The use of ^{99m}Tc(V)DMSA as imaging for the medullary thyroid carcinoma (MTC)
U. Guerra, C. Pizzocaro, A. Terzi, R. Giubbini, M. Bestagno . . . . . » 242

Recovery of pulmonary perfusion in pulmonary embolism complicated with infarction
V. Donnamaria, S. Petruzzelli, A. Palla, C. Giuntini » 248

Determinants of left ventricular filling in normotensive and hypertensive subjects (An Echo-Doppler study)
A. Genovesi-Ebert, C. Marabotti, C. Palombo, S. Giaconi, S. Ghione . . . . . » 252

Does the in vitro testing of the immunoreactivity of an antibody reflect its in vivo behavior?
A. D. Van Den Abbeele, R. A. Aaronson, S. J. Adelstein, A. I. Kassis » 260
